

Alternate Application
Supporters & Non-Implementers

Please answer each question fully with respect to your organization and its motivation for membership in the CLCC as a supporter or other non-implementing enabler of connected learning. Please submit all answers in a separate PDF, along with:

- A. Documentation to confirm your organisation's status as a legal entity.
- B. A brief letter, signed by your organisation's competent authority, that confirms your commitment to adhere to the Quality Guidelines and Bylaws.
- C. Documentation indicating the locations in which your organisation operates; the number of students previously served and currently served; and any future projections.

Application questions:

1. Why do you want to join the CLCC?
2. Describe in detail your involvement with, and experience in, higher education in crisis.
3. Describe in detail your involvement with, and experience in, connected learning.
4. Do you have plans to become a provider or implementer in future, and if so, briefly describe the outline of your plans.
5. What can your membership in the CLCC do to help you fulfill your educational mandate?
6. What are you uniquely poised to contribute to this space?
7. What are the main problems you see with higher education: globally, regionally, and in developing contexts?
8. What are the main opportunities you see within the regions where you currently operate, and those you are looking to reach?
9. Please explain what, in your opinion, are barriers to scaling higher education for the most marginalized?
10. Describe the biggest challenge that your organization has faced in achieving its mission and goals, and how this has either impacted your strategic direction or how you have worked to overcome this challenge.
11. How can you leverage your organization/institution's current partnerships to further the mission of the CLCC?
12. What new partnerships do you seek to carry out your organization's mandate?
13. What advice would you give to a newly formed organization hoping to provide higher education via connected learning?
14. Please identify other principal actors in this space with whom the CLCC should be interacting and outline your reasons why.
